- **Automated Proposal Compliance Checks**
Automated proposal compliance checks triggering an error message will stop proposal submission to NSF, whereas checks triggering a warning message will still allow proposal submission. Expanded compliance checking in Research.gov helps to reduce administrative burden for the research community and NSF staff, as well as minimizes return without review proposals. Refer to the [Automated Compliance Checking of NSF Proposals](#) page for the current automated Research.gov proposal checks.
- **Adding and Managing User Roles**
To request a user role, please see the [Add a New Role job aid](#). After a user role is requested, the organization's Administrator will receive the request electronically to approve or disapprove it. Additional information about adding and managing user roles can be found on the Research.gov [About Account Management](#) page.
