

Search for and view for products of National Science Foundation (NSF)-funded research as stored in the NSF Public Access Repository (NSF-PAR).

- Perform searches on different product types by using the simple or advanced search options.
- Fine tune search results through the **Resource Type** and **Availability** search features.
- Identify and locate related search results through the **More Like This** section.
- Export a specific search result in various citation formats or share using the email function.

Steps to Search for Products of NSF-funded Research

1 Navigate to the NSF-PAR Search Tool:

- Enter the following URL into your browser <https://par.nsf.gov>

The screenshot shows a web browser window with the address bar containing <https://par.nsf.gov>. The website header includes "NSF PAR Home", "Contact", and "FAQ". The main content area features the "NSF Public Access Repository (NSF-PAR)" logo and the National Science Foundation logo with the tagline "WHERE DISCOVERIES BEGIN". Below the header is a search bar with the text "Explore scholarly publications in the NSF Public Access Repository" and a search input field containing the placeholder "Start new search - Place phrase in 'double quotes'". A "Find" button is located to the right of the search input. Below the search bar is a "Find out more" section with a link to more information. The footer contains website policies, contact information, and the NSF address: "The National Science Foundation, 2415 Eisenhower Avenue, Alexandria, Virginia 22314, USA Tel: (703) 292-5111, FIRS: (800) 877-8339 | TDD: (800) 281-8749".

2 Enter your query into the **Simple Search** field or Use the **Advanced Search** link and click **Search**:
