**Step 1: Confirm you do not have an existing NSF account**

- Access the [NSF ID Lookup](https://www.nsf.gov/) page to search for an existing NSF account.
-Figure 1
- If you forgot your password for an established NSF account, click here to retrieve it. Note that your email address can only be associated with one NSF account.
- If you do have an existing NSF account and you know your password, you can edit your account profile information by selecting the "My Profile" option located on the top right of Research.gov homepage. Click here for detailed information on "My Profile" functions.
- If you do not have an existing NSF account, proceed to Step 2.

Please make sure you have ongoing access to this email account (e.g., Google email). It is critical that you have continued access to this email account, even if you were to ever change organizations.
- Check the boxes to confirm you are not a robot and that you are at least 13 years of age. (Figure 2)
- Click “Save & Preview.” (Figure 2)
- Verify that your account registration information is correct on the Preview Account Registration screen and then click “Submit.” (Figure 3)

Working at Multiple Organizations or Moving to Another Organization
You do NOT need a separate NSF account for each organization you are affiliated with or a new NSF account when moving to a new organization or working as an Unaffiliated PI

  - For more information about adding a role from a new organization or adding the Unaffiliated Principal Investigator role, click here.
- If you are associated with multiple organizations, be sure to update your designated Primary Organization on the “View My Roles” page. For more information on changing your Primary Organization, click here.
- If you are leaving an organization, make sure the primary email address on your NSF account profile is set to an email address you will continue to have access to after your departure (e.g., Google email address). For more information on editing your NSF account profile, click here.

Register a New Organization
Organizations must be registered with the National Science Foundation (NSF) to submit proposals using NSF’s systems. Before a new organization can register with NSF, it must first be registered in the System for Award Management (SAM - https://www.sam.gov) and have a DUNS number. Note that completion of the SAM registration process may take up to two weeks.

Follow the step-by-step process below to register a new organization with NSF.

How do I register a new organization with NSF?

- Open Research.gov
- Click “Sign In” located at the top right of the screen.
- Enter your NSF ID and password and click “Sign In.”
- Click “My Profile” located at the top right of the screen.
- Click “Add New Role” from the left navigation bar.
- Click “Add Organizational Role” located in the “Add and Manage Organizations” box. (Figure 1).
  - **Note:** If an organization is new to NSF, you must start the process by setting yourself up as the Administrator for the new organization. You must have an NSF account to start this process. The system will automatically detect that the organization is new and will walk you through setting up the organization and Administrator role.
  - Enter your organization’s DUNS number and click “Search.” If your organization is not already registered with NSF, a message will display to confirm that the organization is not found in NSF systems and you will be able to register the organization and become the first Administrator. (Figure 2)
    - Note that completion of the SAM registration process may take up to two weeks.

Helpful Tip

If a new organization is registered with NSF without an Administrator, the first user to request a role will become the organization’s first Administrator.
How do I register a new organization with NSF?

- Enter your contact information for the Administrator role, add your organization’s information, and then click “Next.” (Figure 3)
- Notice the “Administrator” role is pre-selected. Click “Next.” (Figure 4)
- Review your organization’s information for accuracy and click “Submit.” (Figure 5)
- The request to register your organization with NSF will be forwarded via email to your organization’s SAM points of contact for their information only. The SAM points of contact will not need to approve the request. (Figure 6)

Helpful Tip

Once an organization is registered with NSF, any updates to organizational information must be made by an organizational Administrator in the FastLane Research Administration module.

Additional guidance including FAQs and instructional videos can be found on the Research.gov About Account Management page. Account management questions may be directed to the NSF IT Help Desk at 1-800-381-1532 or rgov@nsf.gov.
